Q1: Sales Revenue & Profit by Country (Overall)

Business Question

Which countries generate the highest revenue and profit over the entire period?

Query Result

Country	Total Revenue	Total Profit
UK	704,684.18	159,447.43
Canada	698,041.19	160,802.09
US	697,097.61	166,544.52
India	685,373.21	159,017.24
China	681,321.02	161,686.50
Nigeria	670,858.36	151,847.35

Insight

- Revenue is **evenly distributed across countries**, indicating a **well-balanced global market**
- **UK generates the highest revenue**, but **US generates the highest profit**
- Nigeria shows comparatively **lower profit**, indicating possible inefficiencies

Business Recommendation

- Focus on **profit optimization in Nigeria**
- Replicate **US pricing and cost strategies** in other regions
- Maintain strong operations in **UK, Canada, and US**

Q2: Weekly Sales Performance

Business Question

Which countries performed best during a specific week?

Query Result

Country	Total Revenue	Total Profit
US	18,573.89	4,511.37
Nigeria	17,820.10	3,398.83
UK	12,751.25	2,473.19
China	8,858.04	1,553.04

Country	Total Revenue	Total Profit
Canada	7,365.62	1,161.81

Insight

- **US dominates weekly performance**, showing strong short-term sales
- Nigeria also performs well → indicates **emerging growth potential**
- Canada shows relatively **lower weekly contribution**

Business Recommendation

- Increase **marketing efforts in Canada**
- Invest more in **US and Nigeria for short-term campaigns**
- Analyze what drove the spike in US sales

Q3: Top 5 Best-Selling Products

Business Question

Which products are sold the most?

Query Logic

Products ranked based on **total quantity sold**

Insight

- A small number of products contribute to **majority of sales volume**
- Indicates **high demand concentration (Pareto principle)**

Business Recommendation

- Ensure **continuous availability (inventory optimization)**
- Offer **bundle deals or upselling strategies**
- Use these products in **advertisements**

Q4: Best Sales Representatives

Business Question

Who are the top-performing sales representatives?

Query Result

Sales Rep	Total Sales
Jennifer Miller	6,944.49
Rebecca Reyes	6,031.61

Sales Rep	Total Sales
Michael Parker	5,842.94
Justin Mcdonald	5,615.50
Deborah Thomas	5,370.39

Insight

- **Jennifer Miller is the top performer**, generating highest revenue
- Clear performance gap between top and bottom performers
- Sales performance is **not evenly distributed across team**

Business Recommendation

- Reward top performers (incentives/bonus)
- Analyze their strategies and replicate across team
- Provide training for lower-performing reps

Overall Key Insight

- Business shows **stable global performance across countries**
- **US is the most profitable market**, while UK leads in revenue
- Sales are **driven by a few high-performing products**
- Employee performance significantly impacts revenue
- Weekly trends show **opportunity for targeted campaigns**

Q5: Store Location Performance

Business Question

Which store locations generate the highest sales and profit?

📊 **Query Result (Top Locations)**

Location	Revenue	Profit
New York	273,746.93	66,247.10
Birmingham	266,500.83	57,878.10
Toronto	248,312.34	57,130.42
London	234,247.29	52,416.24
Shanghai	234,110.00	56,568.25

Insight

- **New York is the top-performing location** in both revenue and profit
- Multiple cities across different countries perform well → **global diversification**
- Performance is relatively balanced across locations

Business Recommendation

- Expand operations in **high-performing cities like New York & Birmingham**
- Study successful locations and apply strategies to weaker areas
- Optimize underperforming locations with targeted campaigns

Q6: Sales & Profit Summary Statistics

Business Question

What is the overall financial performance of the business?

Query Result

- **Total Sales:** ₹4,137,375.57
- **Total Profit:** ₹959,345.13
- **Average Sales:** ₹4,906.26
- **Average Profit:** ₹1,802.49
- **Max Sales:** ₹9.97
- **Min Profit:** -₹40.71

Insight

- Business is **highly profitable overall**
- Some transactions show **negative profit (loss-making sales)**
- Possible **data inconsistency in max/min values**

Business Recommendation

- Investigate **loss-making transactions**
- Validate data quality (outliers like very low values)
- Optimize pricing strategy to avoid losses

Q7: Profit Margin by Country

Business Question

Which countries are most profitable?

Query Result

Country	Profit Margin (%)
US	23.89%
China	23.73%
India	23.20%
Canada	23.03%
Nigeria	22.63%
UK	22.62%

Insight

- Profit margins are **very consistent (~22–24%) across countries**
- US has the **highest efficiency**, while UK is slightly lower

Business Recommendation

- Maintain current pricing strategy (stable margins)
- Improve efficiency in **UK and Nigeria**
- Benchmark US strategy for optimization

Q8: Customer Behavior (Age Group)

Business Question

Which age groups contribute most to revenue?

Query Result

Age Group	Revenue
Adult	1,429,371.00
Senior	1,377,701.66
Young	1,330,302.91

Insight

- **Adults contribute the highest revenue**
- All age groups contribute almost equally → **broad customer base**

Business Recommendation

- Focus marketing primarily on **adults (core segment)**
- Continue engaging all segments to maintain balance

- Personalize offers by age group

Q9: Payment Method Analysis

Business Question

Which payment methods are most used?

Query Result

Payment Method	Transactions	Revenue
Mobile Payment	1029	1,416,445.60
Credit Card	987	1,367,996.29
Cash	986	1,352,933.68

Insight

- **Mobile payments are the most preferred method**
- Very balanced distribution → no dependency on one method

Business Recommendation

- Promote **digital payments (UPI, wallets)**
- Offer cashback for mobile payments
- Maintain all payment options for flexibility

Q10: Monthly Sales Trend

Business Question

How does sales vary over time?

Query Result

Month	Revenue
Jan	441,488
Feb	317,471
Mar	408,240
Apr	297,800
May	267,654
Jun	240,723
Jul	433,701

Month	Revenue
Aug	262,003
Sep	349,679
Oct	337,993
Nov	256,840
Dec	523,777

Insight

- **December has the highest sales (peak season)**
- Sales dip in **May–June (slow season)**
- Strong recovery in **July and year-end**

Business Recommendation

- Increase inventory before **December peak**
- Run promotions during **low months (May–June)**
- Plan seasonal campaigns

Q11: Top Categories by Profit

Business Question

Which product categories generate the most profit?

Query Result

Category	Profit
Home & Kitchen	164,297.14
Clothing	163,596.20
Electronics	161,766.71
Sports	160,271.65
Toys	154,969.52

Insight

- Profit is **evenly distributed across top categories**
- **Home & Kitchen leads slightly**
- No single category dominates → diversified business

Business Recommendation

- Continue investing in **top categories**
- Promote cross-selling between categories
- Improve low-performing categories

FINAL OVERALL INSIGHTS

- Business has **strong global presence with balanced revenue distribution**
- **US is the most profitable market**
- **New York is the top-performing location**
- Sales show **strong seasonal trends (December peak)**
- Customer base is **diverse across age groups**
- Digital payments are **widely adopted**
- Profit margins are **stable across all regions**
